A 'WATERSHED' MILESTONE AS SEKO LOGISTICS EXPANDS ITS GLOBAL FOOTPRINT INTO MEXICO WITH SIX LOCATIONS

SEKO Logistics has delivered the latest and most significant stage of its global expansion strategy so far by announcing a massive expansion in Mexico.

In its first phase, SEKO Logistics Mexico will operate from locations in Laredo/ Nuevo Laredo, McAllen/Reynosa, Mexico City, Monterrey, Toluca, and Queretaro. Phase two will see this network grow to 20 locations with the opening of further warehouse and office operations.

SEKO is investing significantly to establish logistics centers and infrastructure needed to meet growing client demand in the automotive, retail and aerospace industries. This includes the opening of the first facility of nearly 10,000 square meters in the State of Mexico.

SEKO Logistics Mexico will officially inaugurate its new Distribution Center located in Ocoyoacac, State of Mexico, on 7 March 2018.

This is the first project successfully completed under the direction of William J. Wascher, who took over as SEKO Logistics' Chairman last month to focus on strategic initiatives for the company. In this full-time role, he is responsible for identifying new ways to grow the business with initiatives such as this 'watershed' expansion for SEKO in Mexico.

Wascher said: "This is a true milestone in the development of SEKO Logistics and will enable us to provide to clients in Mexico and other

Inside SEKO's new Distribution Center in Ocoyoacac, State of Mexico.

countries the unique forwarding, logistics and technology solutions that have successfully driven SEKO's growth in the 40 existing countries where we already operate. The potential for us in Mexico is further enhanced by our network of nearly 60 locations right next door in the United States. Together, we offer the local and international expertise customers require and we are excited by the tremendous opportunities we see ahead."

Manuel Diaz, newly-appointed Managing Director of SEKO Logistics México, added: "We will offer the scope and quality of services that will ensure best-in-class solutions for our clients, including airfreight and ocean logistics, ground transportation, warehousing and

distribution, and customs and compliance within fully secured environments. We are open for business and ready to talk to new customers that want to discuss their requirements and the range of solutions and benefits SEKO can offer."
